7th IEEE Colombian Conference on Automatic Control

Scope: The 7th IEEE Colombian Conference on Automatic Control (CCAC) will be held on October 14-17, 2025, in Pereira-Colombia. The IEEE CCAC is the premier biannual international conference that gathers academic and industrial researchers and practitioners to discuss state-of-the-art research, advances, and applications of control engineering to encourage technology development in Colombia and the Latin American region. The conference will cover the theory, the implementation issues, and the experiences related to the applications of control, automation, and methods in research, academia, and industry.

Paper submission: The program committee invites interested authors to submit their works (4 to 6 pages long) in English through https://easychair.org/my/conference?conf=ieeeccac2025 (In the coming days, we will be enabling the EasysChair platform for submissions). The submitted papers are grouped as follows:

- Regular papers (four to six pages, English language),
- Students' paper (four to six pages, either English or Spanish)
- Industrial papers (two to six pages, either English or Spanish)

Submitted papers to IEEE CCAC 2025 must be original, not previously published, or accepted for publication elsewhere and must not be submitted to any other event or publisher during the entire review process. IEEE policy regarding plagiarism and duplicate submission/publication will be strictly enforced.

Articles must follow the IEEE-Format for conference papers, see for example: https://www.overleaf.com/latex/templates/ieee-conference-template/grfzhhncsfqn

All articles will be published in the Conference Proceedings. *Only English versions will be published in IEEEXplore.*

Venue: The conference will be held at Pereira-Colombia. As the capital of the Colombian coffee growing axis, Pereira offers a breathtaking backdrop for our gathering. The Colombian coffee growing axis was designated as a Word Heritage site by UNESCO, offering a unique blend of history, architecture and natural splendor, providing an inspiring setting for our conference. Pereira enjoys excellent connectivity both domestically and internationally, ensuring convenient access for all participants. With well-established transportation infrastructure, including an

international airport with connections to Bogotá, Panama City, Miami and New York, and divided highways to Armenia, Manizales, Cali, and Medellín.

Contact: Additional details and Conference updates are available at www.ccac2025.com.

Important Dates

June 3, 2025	Paper submissions' deadline
July 25, 2025	Paper decision notification
August 15, 2025	Final manuscripts submissions
October 14, 2025	Workshops
October 15-17, 2025	Conference

Invite:

Alejandro Garcés-Ruiz
General Chairman,

Andrés Pantoja, Edinson Franco Mejía
Co-chairman's,

Maximiliano Bueno,
Financial Chairman

Tatiana Manrique
Workshop coordinator,

Diana Ovalle
IEEE Control Chapter President
